

Stoke Lacy Neighbourhood Development Plan Steering Group Meeting 24th January 2022 at 7pm at The Village Hall

Attendees: Bill Morgan, Jo Davies, John Davies, Freddie Lewis, Charlotte Lewis, James Wilson, Ali Parker.

Also attending: Janet Ivison and Anne Reece

Notes:

1) Discussion regarding the two public consultation meetings on 19th and 22nd January

- Over 50 people attended the meetings and the general feedback was positive about the exhibition materials and the NDP document and project itself.
- So far one feedback form has been returned.
- Although all took an interest in the display boards and content the main focus for most was the site allocations.
- A couple of typos have been identified in the NDP and Design Code documents. **ACTION.**
- The policy to retain dark skies was also mentioned by two people.
- The parish clerk has suggested that copies of the printed NDP Reg 14 document and the Design Code documents should be lodged at The Plough, in The Village Hall and at The Church.
- One copy each of these documents has been loaned for one week to a member of the public.
- It was agreed in order to encourage comments and feedback that a flyer be produced which will be distributed along with the February edition of The Cider Press – this will include the deadline for submissions – 7th March, all contact details and the date of the next steering group meeting.
- In order that all comments can be addressed the next meeting of the steering group on 23rd February at 7pm in The Village Hall will be publicised on the flyer. **ACTION JD.**
- Members of the public are always welcome at steering group meetings but it was agreed there should be promotion of the next one as it falls within the consultation period.
- BM will circulate budget of the project so far and ask the parish clerk what the cost of the referendum will be. **ACTION BM.**
- BM will contact Louise Kirkup and ascertain rough timescales for reaching the referendum.

The meeting closed at 8.07pm
